CIOMA MEMBER ALERT

AB 1188 Goes to the Assembly; *Communications with Your Representatives Needed ASAP*

CIOMA Members -

As was described in yesterday's Alert AB 1188 (Ruskin) passed the Senate on a 34-2 vote. That gives us strong momentum moving into the Assembly for final legislative action on the measure, before it goes to the Governor.

This Alert contains information you can use to quickly communicate with your Assembly representative(s) asking them to support AB 1188. We hear that the Assembly may come into town as early as next Monday, and we want to make sure the Assembly members have your letters, calls or faxes by then.

Included with this Alert:

- Suggested talking points to include in your communications;
- List of Assembly members and their contact information - please use the Sacramento office contact data;
- CIOMA Floor Alert to the Assembly
- Senate vote results on AB 1188; feel free to send a thank-you note if your Senator voted for the bill.

Suggested talking points:

- AB 1188 is urgently needed to avoid a catastrophe of failed small businesses; lay-offs and lawsuits.
- AB 1188 is a stop-gap measure that will assist those with over 1300 indefinitely suspended UST remediation claims.
- It will help small businesses with over **\$80 million in accounts-receivable**, created by the State Water Board mismanagement of the UST Fund.
- It will keep cleanups in progress, avoiding increased or expanded contamination.

You can locate your Assembly representative using your zip code at the following web location: <http://192.234.213.69/amapsearch/framepage.asp>. Please send a copy of your letter(s) to CIOMA.

Assembly Floor Alert

URGENT NEED for AB 1188 (Ruskin); as amended 9/2/09
Fixing the UST Fund Problem
“Aye” Vote: Concurrence

Assembly Members:

We ask for your “aye” vote on AB 1188 (Ruskin). This bill is backed by industry, local agencies and environmental groups as a problem-solving measure addressing critical problems hundreds of small businesses and environmental consultants are facing due to an \$80 million over-expenditure by the Water Board on the Underground Storage Tank Fund. The bill passed the Senate Floor on a strong bipartisan vote of 34-2.

One of California’s longest running “green” economies is about to perish. Due to no fault of their own, hundreds of claimants and consultants working on UST remediation have had their reimbursements from the state’s Underground Storage Tank Fund (USTF) indefinitely suspended. *This means that millions of dollars of work, already performed, is not being reimbursed.* The category in which the suspensions has occurred (Category C) is comprised of small business owners and small consulting firms. Even in solid economic times these entities would not have the resources to withstand this huge financial crisis. Today, things are even worse.

What is at risk:

- Hundreds of small, “green” consulting firms are likely to declare bankruptcy, leaving the state’s well-regarded and essential environmental remediation capability in shambles.
- Hundreds/thousands, of environmental remediation employees (engineers, geologists, technicians, well drillers, concrete contractors, laboratories, etc.) are being laid off.
- Hundreds of small businesses property owners will face foreclosure or bankruptcy through inability to pay their contractors. Not only will they lose their property, their businesses will suffer irreparable harm. And, employees will be laid off or encounter significant reductions in pay and benefits.
- Lawsuits between consultants and property owners will explode as the tangled mess heads to the courts.
- Lawsuits addressing malfeasance and negligent fiduciary responsibility are highly likely.
- Gridlock will occur on much-needed administrative reforms to the UST program.
- The state will gain title to numerous properties remaining in need of further remediation.
- Necessary remediation will grind to a halt, creating potential health and safety problems.

Legislation is URGENTLY NEEDED to avoid this catastrophe. Several simple changes to state law will assure that the UST Fund remains adequately funded, and that claimants have the ability to find short-term financing to weather the storm. **AB 1188 (Ruskin)**, which

represents a consensus package between industry, the environmental community and the Administration, has been amended to do the following:

- Increases the UST fee charged on motor fuels stored in underground storage tanks from 1.4 cents/gallon to 2 cents/gallon (6 tenths of one cent/gallon increase) for two years.
- Provides language that allows the Water Board to unsuspend over 1300 UST claims in the "C" class (CIOMA members) that are currently suspended indefinitely. This action has barred them from trying to get third-party bridge financing to assist in their continuing remediation obligations.
- Allows the 1300+ suspended claimants to file for reimbursement of bridge financing costs, within specified parameters. This is compromise language developed by the Water Board and accepted by CIOMA.
- Requires the Water Board to post the results of an independent audit they are having done on the UST Fund and program on their web site.
- Moves a program for remediation of school locations (created in AB 2729-'07 (Ruskin)) from accessing funds from the "D" category account, to accessing funds in the general claims account.

This package of amendments will infuse the Fund with needed revenue. And it will provide needed legislation to reduce Fund expenses and allow claimants, currently hand-cuffed, the ability to find third-party assistance in meeting their obligations.

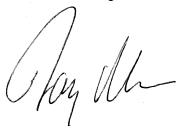

It is important to note that this legislation is limited in scope. A separate and vigorous effort is underway at the Water Board to:

- make the claims system lean and mean,
- to reduce claims deadwood from the system, and
- to assure that remediation is being finalized when reasonable, science-based cleanup objectives are met.

However, these efforts may take several years to fully institute – for suspended claimants and their consultants this will mean certain economic death. *The legislation contained in AB 1188 is needed NOW.*

We ask your "AYE" vote on AB 1188 (Ruskin): Concurrence.

Sincerely

Jay McKeeman, Vice President, Government Relations & Communications

cc: Assemblymember Ira Ruskin
John Moffatt, Legislative Director, Governor's Office
Dorothy Rice, Executive Director, State Water Board
Jennifer Galehouse, Speaker's Office
John Kennedy, Assembly Republican Caucus
